Great Barrier Reef Adventure

Discover the underwater wonderland of magnificent corals, colourful fish and marine life.

We operate a range of purpose-built reef vessels, designed with the Great Barrier Reef in mind.

All are high speed catamarans with spacious air-conditioned lounges, large outer viewing decks, bars serving

refreshments and comfortable seating. The journey to and from the reef is all part of the experience.

You'll pass spectacular islands and bays and at certain times of the year you'll have the chance to spot whales

and other wildlife. We have two pontoons at two different reef sites. The majority of our

day cruises visit Hardy Reef. Our pontoons have a choice of areas to relax and a great range of activities.

There is undercover seating and tables, sun decks, freshwater showers, change rooms and full access to the air conditioned comfort of our reef vessel. There are numerous ways to explore the reef, from the underwater viewing chamber, to the semi-submersible submarines, or snorkelling like a fish beneath the sea.

The pontoons are adjacent to coral walls, the length of which you can explore. The sites have their own ecosystem with magnificent corals and a diversity of marine life found only in sheltered areas, providing a unique world for you to explore.

The prolific fish life will surprise and delight you. Morning tea, afternoon tea and a sumptuous buffet lunch are included.

Leading and award winning restaurants from Airlie Beach supply our catering, taking care to base the menu on seasonality and the best produce available. Free tea and coffee is available and there is also a bar on board serving a full range of alcoholic and soft drinks.

Accommodation – Hayman Island

Hayman Island Resort

1Bedroom Pool Suite including breakfast daily.

Whitehaven Beach Adventure

Whitehaven Beach is a definite 'must see' in the Whitsundays. The crystal clear waters and pristine white silica sands stretch for over 7 kilometres along Whitsunday Island, the largest of the 74 islands in the Whitsunday Islands National Park.

Indulge in the ultimate experience of Whitehaven Beach; from the northern end exploring spectacular Hill Inlet, to the southern, where you can swim, sunbathe and soak up the sun. No other day cruise offered allows you so much time to explore the wonders of Whitehaven Beach. Begin your Whitehaven experience ashore at the southern end where our crew will advise of the times for the day's activities, including the trip to Hill Inlet and a snorkelling trip.

Enjoy a leisurely cruise in our Whitehaven-based vessel, along the full length of Whitehaven, across Hill Inlet to a landing point.

From here a guided walk following the path and history of the Whitsunday traditional owners will lead you to the lookout and that picture postcard view.

There are informative displays along the way that will provide an insight into the history, flora and stories of this picturesque area.

A leisurely pace ensures all fitness levels are catered for, and guests take the time to enjoy this superb spiritual place.

If sea conditions permit, we will cross to nearby Esk Island, a delightfully scenic island that is rarely visited. If the tide is right, there is a small reef area to snorkel. On return to the southern end of Whitehaven you may choose to enjoy some other walks, wander along the beach to your own secluded stretch, laze on the beach or cool off in the azure waters.

Our cruise staff will have cool drinks available for purchase, water, beach umbrellas and beach game items on shore for you to use throughout the day. Bathroom facilities are located close by. A picnic lunch in a chiller pack is included for you to enjoy at your leisure. It includes a tasty wrap, fruit, a cookie, yoghurt and a bottle of water.

Afternoon tea is included on the cruise from Whitehaven Beach. Being on the full day cruise, you will travel out to Whitehaven on the morning vessel and then return on the afternoon cruise vessel. A Cruise Whitsundays' guide remains with you throughout the day and can provide informative commentary on the area.
