Adelaide Valentine's Day	14 February 2021
Sydney	21 February 2021

A new chapter for Antarctica Flights

Welcome to Antarctica – the world's last great wilderness. We've been exploring Antarctica by air since 1994 – that's over 150 flights and 26 years pioneering a land that remains almost entirely undiscovered. Aboard a cruise ship you would only touch the edge of the coast. Aboard our privately chartered plane, you will soar over a continent that escapes the boundaries of perception. For the first time in our history of touring, we board the 787 Dreamliner, which affords us optimal views to the vast white wilderness, thanks to windows larger than those on a similar sized aircraft. The lower cabin altitude also creates a more comfortable environment in which to enjoy your flight. This new chapter promises to be the very best yet.

What to expect on board

Become one of the privileged few to witness the desolate beauty of this untamed polar desert. Aboard our privately chartered state-of-the-art 787 Dreamliner, you will experience unparalleled Antarctic viewing over the vast and various landscapes of this wild continent. And with 19 planned routes to match the day's weather conditions, no two flights are ever the same, each with a duration between 12 and 14 hours. Enjoy the bespoke full Qantas service – including premium drinks, delicious meals and talks from Antarctic expeditioners. With up to four hours over the ice and the remaining time to enjoy on board – it's an experience like no other.

“

Here and there are cracks across the barren landscape like the fine shatter-line on a broken mirror. It's an eerie, utterly uninhabited world above which we spend hours of compelling and companionable cruising.

”

Anthony Dennis

Editor, *Traveller*, *Sydney Morning Herald* and *The Age*

Our commitment to carbon neutrality

Every Antarctica Flight is carbon neutral. We are proud to work with carbon solutions provider Carbon Neutral in offsetting the carbon emissions from every flight. Through certified carbon credits purchased under the Gold Standard, we are contributing to projects that not only provide positive benefits to the climate, but also achieve social and economic 'co-benefits'. We're committed to protecting our planet, and it's our mission to leave Antarctica's pristine landscape the way we found it.

Inspired by their Antarctic experience, many of our guests go on to become environmental ambassadors. Recognising the immediacy of Antarctica's vulnerability to climate change, their generosity aids in furthering research and education, in order to protect this precious and vital part of our world.

NATURE'S MASTERPIECE

It's over 100 years since Ernest Shackleton made his pioneering expedition across Antarctica. Knowledge of the driest, coldest and windiest continent on Earth has come a long way since then...

Antarctica facts

- > Antarctica is larger than Europe and almost twice as big as Australia, but only 2% is ice-free
- > It's the world's driest continent, with an annual snowfall equating to just 200 millimetres of water. That's even less than the annual rainfall of the world's hot deserts!
- > The coldest temperature ever recorded on Earth was in Antarctica: -89.6°C at Vostok Station in July 1983
- > Antarctica holds 70% of the planet's fresh water and 90% of the planet's freshwater ice. The average ice sheet is a whopping 1.4 kilometres thick!
- > During winter, the pack-ice zone in the Southern Ocean almost doubles in size, extending to between 19 and 22 million square kilometres
- > Australia has three permanent bases in the wilderness: Mawson (1954), Davis (1957) and Casey (1969). Don't forget to give them a wave if we fly over!

Tour inclusions

Choose your seating options from Business Deluxe, Business, Premium Economy, Superior Economy, Standard Economy and Explorer Economy.

All seating classes will experience spectacular views over the ice and an unforgettable round-trip including:

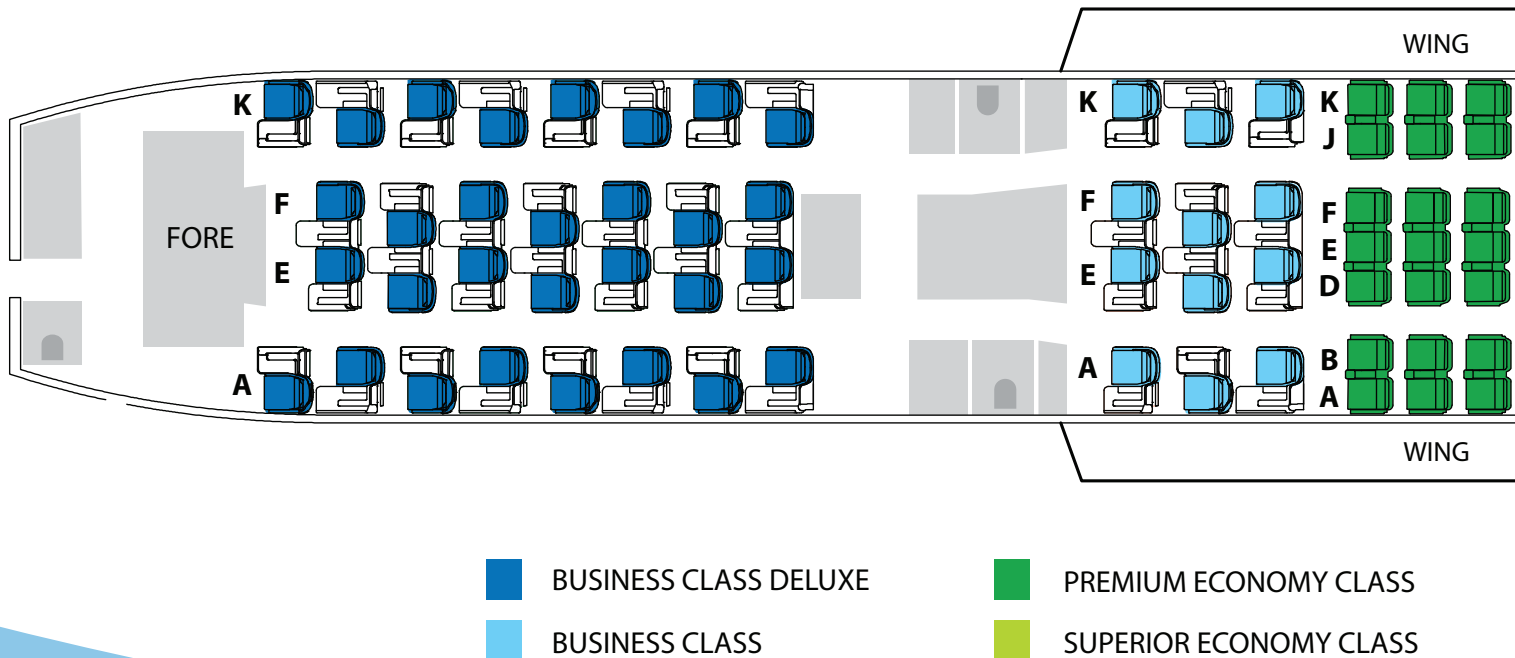

- > The ultimate birds-eye view over the continent
- > The complete Antarctic experience – meet Antarctic explorers on board, experience live crosses to research stations and watch documentaries
- > Take home your Explorer Kit, with all the maps and stats you need to become an Antarctic expert
- > Two full-service Qantas meals plus in-flight snacks
- > Full bar service – toast your discovery with champagne, wine, beer, spirits and soft drinks
- > Watch *Happy Feet* on the way there, on the state-of-the-art entertainment system

The highest New Year's Eve celebration in the world

Be one of the first to welcome in the new year – in broad daylight. Celebrate on board with champagne, as well as entertainment provided by our live jazz band. Join us for the coolest New Year's Eve celebration in the world!

SEATING PLAN

BUSINESS CLASS DELUXE

\$7,999

Admire aerial views of Antarctica in utmost comfort in Business Deluxe seats with full international business class service. All seats are either a window or aisle seat, and passengers will swap at the halfway point of the journey, which means everyone will have unobstructed views of Antarctica. With ample space between each seat, enjoy the room to spread out.

Halfway through journey:

Seat A swaps with Seat E

Seat F swaps with Seat K

BUSINESS CLASS

\$6,499

Business seats are set at the leading edge of the plane's wing, which means there will be a slight viewing obstruction. With full international business class service, all seats are either a window or aisle seat. Passengers will swap at the halfway point of the journey. With ample space between each seat, enjoy the room to spread out.

Halfway through journey:

Seat A swaps with Seat E

Seat F swaps with Seat K

PREMIUM ECONOMY CLASS

\$3,999

Qantas' International Premium seats, with larger seats and seat pitch than Economy Class seats. Seats are located over the wing, which can obstruct viewing. Each passenger will have a window seat or the seat next to a window seat for half of the flight and an aisle seat or adjacent for the other half of the flight.

Halfway through journey:

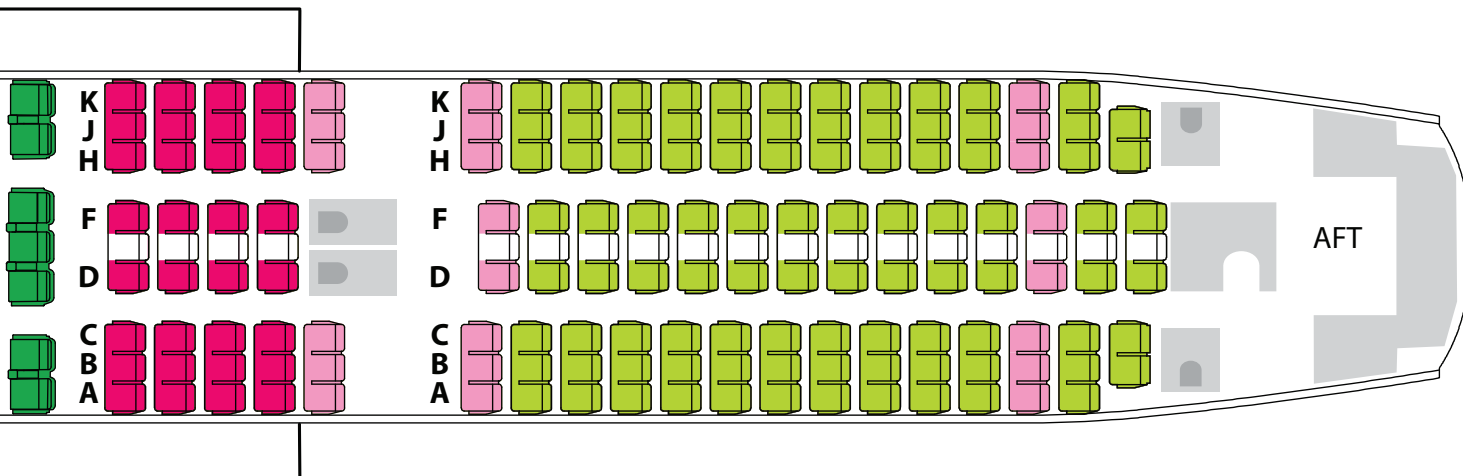

Seat A swaps with Seat E

Seat B swaps with Seat D

Seat F swaps with Seat K

Seat J remains in seat throughout journey

- STANDARD ECONOMY CLASS
- EXPLORER ECONOMY CLASS

SUPERIOR ECONOMY CLASS

\$3,199

The rear Economy Class section is reserved for Superior passengers. All seat rows are well clear of the wing for excellent viewing. Superior seats are the four seats on each side of the aircraft and will be exchanged at the halfway point of the journey. Each passenger will have a window seat or the seat next to a window seat for half of the flight and an aisle seat or adjacent for the other half of the flight.

Halfway through journey:

- Seat A swaps with Seat D
- Seat B swaps with Seat C
- Seat F swaps with Seat K
- Seat H swaps with Seat J

STANDARD ECONOMY CLASS

\$2,199

These are the four seats on each side of the aircraft in the Economy Class section over or near the wing, which can obstruct viewing. The window and the adjacent aisle seats will be exchanged at the halfway point of the journey. Each passenger will have a window seat or the seat next to a window seat for half of the flight and an aisle seat or adjacent for the other half of the flight.

Halfway through journey:

- Seat A swaps with Seat D
- Seat B swaps with Seat C
- Seat F swaps with Seat K
- Seat H swaps with Seat J

EXPLORER ECONOMY CLASS

\$1,199

Explorer seats do not have direct access to a window. Passengers are free to stand in the aisles and common areas to enjoy the views of Antarctica. Passengers will enjoy Qantas International service and award-winning inflight entertainment system.

These seats do not rotate.
